

## ESAB Online

*Get ready for our exciting new ordering & information website coming soon.*

At ESAB we are constantly looking for ways to improve and this has lead us to a new updated customer website to replace Partners called ESAB online.

We have taken the elements that have made Partners such a valuable tool, added new features and improved upon existing functions.

To register for the new website simply contact us via the email at the bottom of the page with names & email addresses of the users from your company . We will then send them their unique log in information closer to the launch of the site.
