## Updated factsheet - ESAB Product range MIG/MAG – compact

ESAB have recently updated the ESAB Product range MIG/MAG – compact factsheets to incorporate the latest CaddyMig C160i and C200i welding machines.

Copies of these factsheets were posted to distributors in June. These replace the previous version.

There is a set of 4 product range factsheets available which can be placed in ESAB branded literature holders in distributor showrooms.

- ESAB product range MIG/MAG – compacts
  - ESAB product range MIG/MAG – power sources with separate wire feeders
- ESAB product range TIG  
ESAB product range MMA

Should you require further stocks of any of these leaflets for your showrooms or an ESAB literature holder please contact your local salesman or email [info@esab.co.uk](mailto:info@esab.co.uk).
